## The clean lines and understated elegance of our products are a result of form following function

3

The aesthetic expression of a mixed series of Figgjo products often hints at a certain soft elegance – yet both the porcelain and glazing are as hard as you could wish for. All our porcelain is glazed and non-porous, facilitating a superior, frictionless eating experience.

Having stayed true to the purity of Scandinavian design all these years, we still believe that function reigns supreme. The products must be easily stacked, a joy to clean, and withstand years of heavy use.

Når man blander forskjellige Figgjo-serier, kan det visuelle uttrykket ofte framstå elegant og mykt, samtidig som porselenet og glasuren har en optimal hardhet. Alt vårt porselen er glasert og ikke-porøst, noe som gir en overlegen, friksjonsfri spiseopplevelse.

Vi har skapt stilrent, skandinavisk design i generasjoner, og mener fremdeles at funksjonen er det aller viktigste. Produktene skal være enkle å stable, lette å vaske, og tåle mange års tung bruk.

# Colours don't clash

They are also the spice of life. At Figgjo, we spend a lot of time developing new colours in our dedicated colour lab. We have sixty unique shades of colour to choose from.

De er også krydder i tilværelsen. På Figgjo bruker vi mye tid på å utvikle nye farger i farge-laboratoriet vårt. Vi har seksti unike fargenyanser å velge imellom.

# Colour change

63

At no extra charge, you can order most of our decors in the colour of your choosing. All we ask is that you order a minimum of 48 pieces in the same colour. These can be split between two different products. For example, you can have 24 plates plus 24 bowls (for the larger buffet products, the minimum is only 6 pieces).

The colour options may be subject to change. At any time, you can check which colours are available by looking at the current colour palette on our webpage.

Uten ekstra kostnad kan du bestille de fleste dekorene våre i den fargen du ønsker. Alt vi ber om er at du bestiller minimum 48 stk. Disse kan fordeles mellom to forskjellige produkter i samme farge. For eksempel kan du ha 24 tallerkener pluss 24 skåler (for de større buffet-produktene er minimumsantallet kun 6 stk.).

Endringer i fargealternativer kan forekomme. Du kan når som helst se hvilke farger som er tilgjengelige ved å sjekke den gjeldende fargepaletten på nettsiden vår.
